In Memory of the Perfect Wife

Zane Mellupe personal exhibition

9 july - 29 august, 2011

vernissage: Saturday, 9 july, 2011, 5 - 9 pm

ifa gallery is proud to present Zane Mellupe first solo exhibition in China - "in memory of the perfect wife".

This new ironic, conceptual and very personal exhibition will be showing mixed media photography and installation works.

Mellupe focuses on the observation of visual thinking, distortion of memories, layers of consciousness and resemblances, shown in the four parts of a recreated home: the living room, the kitchen, the bedroom and the closet (in four rooms of the gallery)

Mellupe, working and living in Shanghai, has an extensive background in photography. Her works have undergone diverse development from documentary photography, found images, self-observation, photo and video integration to installations. [end]
