“The good is like water. Water benefits all things without contention, and collects in places others dislike. Thus, it is close to the Dao.”

“?????????????,??????,??”

– Lao Tzu ??

From this perspective, written as an eternal facet, how do we relate in our era to water, it’s quality and intrinsic character? Humankind, being in itself comprised of 70 % water, that which being the source of life sustains all known existence… how may we correlate this quintessence with daily and mundane interaction?

??70%??

More than 20 International artists reflect in this exhibition on what is it to be like water?
